Tentative Outline for

Progress Report

A. Office of Operations

1. Concept—Overt Collection of intelligence information as a distinct function.
2. Need—The need for FBID and OO/C as common services recognized by the NSC. The need for OO as separate operational Headquarters was doubted by Dulles Report, but it couldn't be abolished because:
 - a. NSC 50 specifically disapproved the transfer of FBID to the proposed Operations Division.
 - b. FID couldn't be part of ORR, due to its servicing of OSI, OGI, and IAC agencies.
 - c. OO/C couldn't go completely "Covert".
3. Role—divided between:
 - a. actual collection, both spontaneous and responsive to requirements. Addition of new type of collection Soviet.
 - b. operational support (i.e., OO/C for covert office translation service; and administration of DRC's).

B. Contact Division

1. Concept and need: NSCID's 7 and 14
2. Progress and changes: ('50-51)
 - a. Normal operations (field offices, new recruits, increase in sources and reports; emphasis on file, etc.
 - b. Operational support (increase in cases, closer liaison and mutual trust).
 - c. Defectors (passage of NSCID's 13 and 14 a year. Dulles Report greatly improved the situation. responsibility for U.S. exploitation, rehabilitation and disposal; establishment of DRC's U.S. and G. Number of cases handled.
 - d. Aliens and Foreign Nationality Groups (confusion, defectors; FBI problem) current OO/C efforts.

3. Problems:

- a. Defectory (over-all problem to be discussed in Part 6; OO/C's own problems only) - our agents, etc.
- b. Future emphasis; (on increasing the number of good reports, or on more selective and intensive exploitation of sources?)
- c. Operational support; (possible increases required; should it be done at expense of collection?)
- d. Exploitation problems; (labor--BO/OPC; educational institutions--KGB--religious groups, etc.?)
- e. Internal Organization (functional or geographic; personnel, etc.)

C. FBID

1. Concept and need: NSCID #6

2. Progress and changes: (50-51)

- a. Expansion of operations and coverage (some to be shown graphically; also Saigon Germany/Austria VOA support;)
- b. New publications and projects (c.f. Dulles Report recommendations for further "Interpretative" by FBID; YUCOM; "hostilities indicators; special reports supporting Watch Committee, CFW, etc.
- c. Close support of OCI, OPC; direct liaison with intelligence producers.
- d. BBC relationship (fine; liaison officers; possible reduction of BBC coverage.)

3. Problems

- a. Coverage of USSR Regional broadcasts (helped Cyprus; more needed; plans for Hokkaido and P)
- b. Dissemination of Unclassified Material (personnel)
- c. Other (personnel; communications.)

D. FDO

1. Concept and need: centralization of linguists and document exploitation. No NSCID yet, although Dulles Report recommended it and action was attempted.

2. Progress:

- a. Towards solution of translation problem by
 - (a) extra T/O
 - (b) U.T.
- b. Development of collation and press analysis techniques.
- c. Western European Branch

3. Problems:

- a. Is it a "central service" or for CIA only? Exploitation and limited translation service for IAC agencies.
- b. Priorities and document procurement.
- c. Extent of "research" to be performed.
- d. Lack of coordination in field of foreign publi

E. Soviet (to be added)

F. Problems affecting all OO Division -(possibly to be combined with OSO discussion of the same)

1. Requirements and priorities.
2. Relations with military (ASPTC/ASDIC/JMIA, etc.).
3. Evaluation (minor; omit?)
4. Dissemination and source protection (c.f. Dallas Report recommendations)
5. Liaison with IAC and Government agencies (greatly improved).
6. Personnel (this and internal organizational problems ought not to be over-emphasized, in view of the character of the report--i.e., (Pakistan) and President).

Assistant Director for Operations

6. December 1951

Chief, FBID

Progress Report for November 1951

ADMINISTRATIVE

1. On 16 November the Chief, FBID, returned from an overseas trip which included conferences with TQA officials in New York, attendance at the HBC-FBIS Coordination meeting in London, official visits to Rome and Paris, and an inspection tour of all European field bureaus.

2. [redacted] present Chief of the Mediterranean Bureau, was appointed to the position of Deputy Chief, FBID, effective upon arrival in Washington. [redacted] is expected to assume his new duties in April 1952.

3. On 6-7 November [redacted] of the Director's office was briefed on FBID operations. Orientation included a tour of headquarters and a trip to the East Coast Bureau.

4. [redacted] EOC Liaison Officer, spent two weeks at FBID departmental headquarters and proceeded to his assignment on 1 December.

5. On 1 November OIA representatives were briefed on FBID operations.

6. Funds authorized on 10 September for additional construction at the Okinawa Bureau have been received by G-4, HICOG. It is expected that construction will be started in the near future.

7. The Los Angeles Public Health Clinic has been established as an Agency-endorsed medical facility for the West Coast Bureau. This clinic will handle pre-employment and overseas physical examinations for FBID West Coast Bureau personnel.

8. Emergency station complements for Tokyo, Okinawa and the Mediterranean Bureaus, delayed by the New York dock strike, are now enroute.

OPERATIONS

9. In connection with the re-location of the West Coast Bureau, the FBID Chief Engineer visited the [redacted] in the San Francisco area during the period of 9-14 November. On 14 November the Chief Engineer accompanied the AD/O to the site. The visit was aimed, among other things, at the evaluation of environment factors. The site appears satisfactory in the light of all evaluations completed to date.
